Commissioner for Patents

Please see the attached copy of the form PTO-1449 indicating the entry of document Number 1982-164091 having been initialed and considered by the examiner. This entry was previously indicated as having been not-considered by the entry being lined-out in the communication mailed on 12/30/2009. However, in view of applicant's remarks filed on 03/26/2010, where on page 7 applicant has requested consideration of the JP 1982-164091 reference, since applicant points out that "The pdf of this document in the EFW reveals that JP 57-164091 (where "57" is the Japanese designation for the year 1982) is equivalent to the document 59- 67307 (where "59" is the Japanese designation for the year 1984)", the reference is considered.
